Ken Wise Shares Historical True Texas Tales: First Texas Flight and A Saga of Three Emmas

Justice Ken Wise told some stories at our November meet. Native Houston and fifth generation Texan, Ken's passion for history led him to create “Wise About Texas”, a Texas history podcast. With a trove of oft unknown Texas stories, he told some compelling tales!

The First Texas Flight: Despite claims that Texan Jacob Brodbeck flew an “air-ship” near Luckenbach in 1865, the first confirmed Texas winged flight took place in South Houston on February 18, 1910. Made by Frenchman, Louis Paulhan, the historic flight was filmed by a camera and witnessed by a crowd. Within 2 weeks, army Lt. Benjamin Foulois completed a similar feat in San Antonio. Three years later, the army's First Aero Squadron was assigned to Texas City with a nine plane “fleet”. Others advanced aviation. Sisters Marjorie and Katherine Stinson of San Antonio became women pilots. Wiley Post and Howard Hughes continued it into 1930's and after. During both World Wars, the area's terrain and climate were ideal for flight training. Air facilities used to train thousands of aviation pros established Texas as a key resource in flight technology, still today in an age of manned spacecraft.

The Three Emmas: A story of adultery, murder and three women named Emma. Most prominent is Emma Koehler, wife of Otto Koehler, president of San Antonio's Pearl Brewery in the early 1900's. In 1910 Emma was injured in an auto accident. So Otto hired a live-in nurse to help care for her...a young, attractive nurse named Emma with the nickname of Emmi. Otto and Emmi began an affair. Emmi had a tall, blonde friend in her 30s also named Emma, also a nurse. Otto set the two of them up in a little house and was soon having affairs with both. But Emmi met a man she wanted to marry. Otto then proposed to the other Emma. She turned him down.

On November 12, 1914, Otto left the brewery to visit them at the house. A quarrel ensued and tall, blonde Emma shot him dead with a revolver. Tall Emma claimed self defense but was charged with murder. She fled to Europe to care for wounded World War I soldiers, but returned to San Antonio 3 years later to stand trial. In January, 1918, an all male jury found her not guilty. In 1919, she went to New Orleans and married a member of the jury. They returned to San Antonio and moved into the cottage! “Emmi” got married and was not heard from again.

As for Emma Koehler, remarkably she kept the Pearl Brewery in operation during the Prohibition Era (1919-1933) by creatively expanding business lines to include ice making, soda bottling, and even auto repair. She retired in 1933, yet her presence remained strong at the brewery until her death in 1947. Emma's legend lives on. A boutique hotel aptly named The Emma opened in 2015 in the building that was the original Pearl's Brewhouse.

**Bring a Toy! Bring Some Joy!**

We ask all Christmas luncheon attendees to bring a new, unopened toy for a child. Toys will be donated to the Women and Children’s Shelter. Toy donations are the only Christmas gifts children who live at the shelter will receive.

The Women and Children's Shelter Transitional home, operated by the Mission of Yahweh, is a faith-based shelter for homeless women in crisis and their children. The shelter provides refuge, food, clothing and shelter. They are committed to helping women become self-sufficient, productive members of society. The shelter has approximately 1,600 residential stays per month.

Christmas is a very difficult time for women and children at the shelter. They often arrive on Christmas Eve or Christmas Day. The shelter wants to provide each child with at least one Christmas gift.

Jamie Moran and daughter Deborah Liss-Frank have helped the Mission of Yahweh Shelter for many years. Jamie and Deborah will deliver the toys to the shelter in plenty of time for Christmas. Bring a toy to lunch; bring some joy to a child!

Dear Daughters of the Republic of Texas,

As our calendar year comes to a close, The San Jacinto Chapter needs your annual support for our cherished Pioneer Memorial Log House. She is 82 years old, and in need of expensive preservation and maintenance.

The Log House was built by the San Jacinto Chapter for the Texas Centennial in 1936 to serve as a Hospitality House for the City of Houston on donated land in Hermann Park. San Jacinto Chapter ladies raised the money for the log house to be built by two men using a portable “sawmill” in the middle of the Great Depression. It still offers hospitality with monthly open houses, private tours, chapter meetings and rentals for events.

Our mission is to Teach Texas. Groups like Friends of the Log House and San Jacinto Chapter DRT work to maintain Texas History with our stories and display of artifacts relating to early Texas and the contribution of women during this period.

Currently, the main meeting room has no heat or adequate cooling. In fact, we had to cancel last January’s chapter meeting because we had no heat for the extremely cold day. And at last year’s Christmas Luncheon, everyone had to keep their coats on because the log house was so cold due to the broken heater - which is why this year’s luncheon will be at Tony’s. Appropriate climate control for the log house is a necessity to keep us cool during the Texas heat and warm on those bone chilling days. The Log House must be maintained in order to continue serving as a hospitality center promoting Texas history. While Hurricane Harvey did not flood the log house, it did flood our grounds and Texas Heritage Garden featuring plants and trees native to the state as well as those brought by pioneers as reminders of their former homes. Volunteers have been nurturing the grounds but funds are needed for mulch, replacement of plants, erosion control, irrigation upgrades, rebuilding the grape arbor, leveling and repaving the parking lot and regular grounds upkeep. We are a little garden oasis of Hermann Park.

Needs include:  Foundation repair
  Replacement of damaged logs, treatment and sealant for all logs, chinking as needed
  Repair/replacement of the porches and handicap ramp
  Upgrade of the lighting inside and out
  Replacement of HVAC system
  Landscape and drainage improvements including the Grape Arbor and parking lot
  Install full size hot water heater and closet

The Log House Committee is collecting three bids for each of the projects. The total of the identified preservation and maintenance items may be about $100,000. As you know from your own home remodeling and maintenance, bids can be very different. We appreciate those of you who have provided possible funding source suggestions for the Log House. All possible sources will be studied for our eligibility to apply.

Please support our efforts to preserve this beloved place so we can continue the important work of Teaching Texas. Foundations and major funding sources want to see that the majority of our members are supporting this project. Any gift amount is appreciated. Some members make several smaller donations throughout our year, June 1-May 31, which will be combined for their higher Friend of the Log House Donor Level. All gifts are tax deductible. A donor form is attached.

We hope you and your family enjoy this holiday season. Thank you for your generous support and God Bless Texas!

Sincerely,

Gwen Koch
